ALD INFRATECH PVT. LTD.

The Delhi based conglomerate is a known superior real estate developer with true pan India presence. The visionary company possesses over ten years of extensive experience in construction and infrastructure development with focus on timelines, quality and construction management. The company came into existence after a long research by it's directors, about the critical factors of real estate development such as investors requirement, end consumers requirement and various trends prevailing in the areas where the company is planning it's real estate projects. Currently, we have five projects including residential apartments, commercial complex, farm house and a free hold integrated township. The location of all the projects is excellent. Projects are located in the vicinity of SNB at main NH-8. It is our commitment to deliver best quality of construction for all our projects, using modern eco-friendly technology and designs.

In a short span of time, the company got listed in the category of top real estate developers for developing real estate projects in SNB (Shahjhanpur-Neemrana-Behror) corridor. We transformed a million sq. ft. of space into a premium and modern era of living, working and shopping under the dynamic leadership of our founding directors. Our attention to detail, dedication towards our work, excellence in infrastructure design and on-time completion of our projects, always keeps us ahead of our competitors.

WHY TO INVEST IN ALD STUDIOS

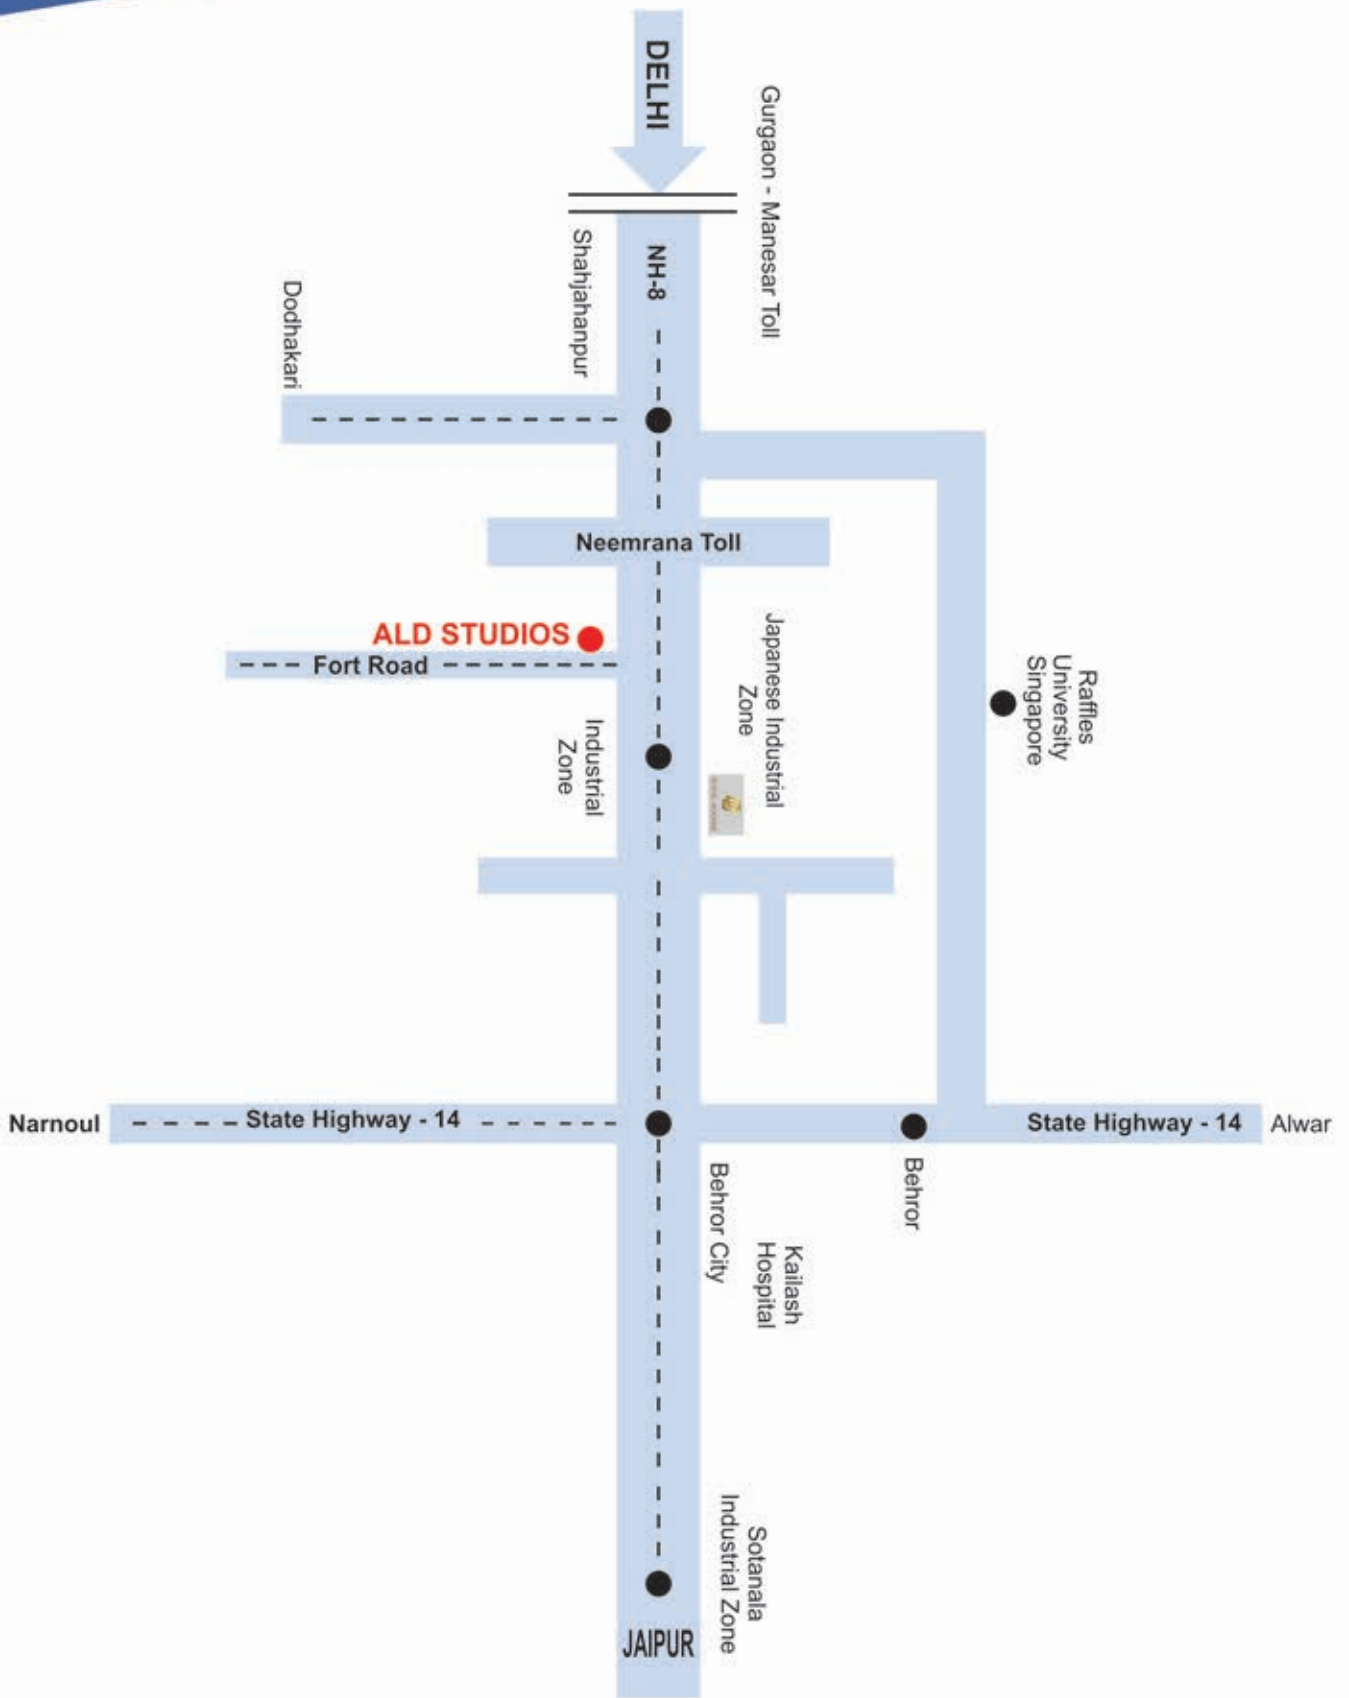

With over 95% occupancy rate in Neemrana, The Japanese Manufacturing Zone in the Neemrana Industrial Area is dedicated to industries exclusively from one country I.E JAPAN, makes ALD studios a promising investment opportunity. Some of the best-known Japanese companies have invested here. Among them: NISSI, Mitsui, Daikin and Mitsubishi. A total of 446 acres of land has been allotted to 42 units have commenced production and work at 13 others is in progress. And now the zone is being extended by another 500 acres – in Gehlot, near Neemrana.
